

UNIVERSITY  
of HAWAII®  
**HILO**

The University of Hawai‘i at Hilo  
**First Annual Climate Change Boot Camp**

**August 9-12<sup>th</sup>, 2016**

**Kiolaka‘a Cabin, Natural Area Reserve  
Ka‘ū, Hawai‘i Island**

Empowering early career professionals to develop collaborative professional networks and resources that expand our capacities to adapt to change and build sustainable, resilient communities.

**Who** Designed for natural resource managers, graduate students, and scientists in biological and social sciences interesting in expanding their understanding of climate change impacts and our capacities to respond locally.

**What** Intensive 3 day, 3 night workshop.

**Cost** Limited funding is available to cover room, board, travel, and the 3-night course experience. Support is provided by the UH Hilo component of the Pacific Islands Climate Science Center.

**How** If interested, please email Scott Laursen ([slaursen@hawaii.edu](mailto:slaursen@hawaii.edu)) with your CV and 2 paragraphs discussing how your professional path fits within this experience’s vision of building long-term adaptive in-person networks in Hawai‘i and across the Pacific.
